CERT-SOC & ANTI- ABUSE WORKING GROUPS MEETING SPONSORSHIP OPTIONS

ETIS, THE EUROPEAN TELCO ISAC

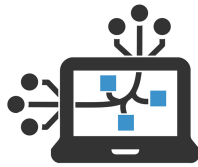

Thank you for your interest in supporting the next ETIS ISAC conference!

As the premier conference of **European telecom security professionals**, this two-day event presents an invaluable networking and collaboration opportunity for ETIS' Telco Partners, Supporting Parties, Collaborators and Guests.

To access the draft programmes and logistics details of each of the respective group meetings, follow the links on the icons below.

**CERT-SOC
WORKING GROUP**

**ANTI-ABUSE
WORKING GROUP**

Building upon the enormous success of our post-pandemic meetings in London, Rotterdam and Milan, we are looking forward to once again welcoming you in person and affording you the opportunity to directly interact with your peers in person.

Learn more about our Community as well as the benefits and levels of sponsorship here. Have questions? Contact me at av@etis.org.

Look forward to being in touch and hope to see you in Bonn, Germany!

Kind regards,
Andrija Visic
Senior Community & Programme Manager

GENERAL INFORMATION

DATE

April 18 - 19, 2024

LOCATION

Deutsche Telekom AG

Landgrabenweg 151, Bonn, Germany

Thursday evening there will also be an organised networking and dinner opportunity in the city centre.

THE BASICS

70+
participants

ETIS brings together the major telecommunications providers in Europe, with over **70 participants from our Community base**. This consists of **30 Partners** (operators) and **17 Supporting Parties** (suppliers), representing the industry in **21 countries across Europe**.

Network directly with decision-makers and implementers! Participant profiles range from CERT and SOC team leads, managers and analysts to Anti-Fraud experts and incident responders. Sharing is TLP regulated and sales pitches are not allowed.

Twice per year, the two working groups meet following an invite of a major telecom operator or supplier in the ecosystem and all of our sessions focus on the hottest topics and cyber tech trends. **Participation in CERT-SOC WG sessions is only allowed for telecom operator representatives, while the Anti-Abuse WG also welcomes suppliers.**

As a prime sponsor, you have the opportunity to showcase your expertise and leadership through speaking opportunities and participation in our sessions.

10+
sessions

Participants gain deeper insight into trends, discuss challenges and share best practices with their peers across Europe. Working group sessions are designed to be interactive with tangible, concrete takeaways and solutions derived from workshops and roundtable discussions.

Not only engage directly with your customers through the roundtable discussions, but get insights into their current challenges, needs and future vision in areas that matter to you - all while increasing your visibility and good-will as a supporter of this community.

ETIS PARTNERS

SPONSORSHIP LEVELS

 **Become an ETIS Supporting Party**

 **Gold Sponsor**

 **Silver Sponsor**

- Opportunities for ETIS Supporting Parties and Sponsors: Onsite signage; Demo sessions and other Speaking opportunities; Hosting a dinner; Proposing and delivering a presentation during an ETIS organised webinar in 2024.

BECOME AN ETIS SUPPORTING PARTY

As an ETIS supporting party, you have access to a certain number of working groups for the full duration of the contract. One of these WGs (Anti-Abuse WG) is meeting in Bonn with a full 2-day programme. Your logo will be displayed on the ETIS website and you will have access to our members' corner. This is the best way to remain in touch with the community after our conference as you can enjoy benefits year round. The contract is a 12 months one, between 4,000 and 10,000 EUR, depending on number of WGs of interest.

GOLD SPONSOR (5,000 EUR)

As a gold sponsor, you would have a secured speaking slot in one of our sessions in Bonn, and later in the year in an ETIS organised webinar. Your company's logo will be featured as a proud supporter of the ETIS community on each table during the Thursday evening community dinner. Additional opportunities include reports and marketing materials you can bring and share with attendees in our conference. We also have a demo session planned in our programme (side-track) during which sponsors and supporting parties can showcase their product.

SILVER SPONSOR (2,500 EUR)

Your company's logo will be featured as a proud supporter of the ETIS community on each table during the Thursday evening community dinner. Additional opportunities include reports and marketing materials you can bring and share with attendees in our conference. We also have a demo session planned in our programme (side-track) during which sponsors and supporting parties can showcase their product.
